Board members acknowledged and noted this report.

- f) Five-Year Capital Plan

Board members considered the Five-Year Capital Plan for the period from 2012/13 to 2016/17, and noted the Plan's reference to potential needs. The Vice President, Finance and Administration (VPFA) advised that the College purchased the former fire hall site on 8th Street in 2003 and the Agnes Street site in 2006, and had been requesting ability to build on that New Westminster site since 2004. At that point in time, the College identified expansion of the David Lam Campus (DLC) as its first priority, followed by the New Westminster Campus (NWC) site. The College secured government approval for Phase II of DLC in 2005 and completed that construction in 2008, since which time it has been highlighting to government its identification of the former fire hall site as its top priority.

Audit and Finance Committee (AFC) members noted that, prior to development of a business case, the College would scope out the cost of the project; current planning was highly preliminary and further stages of planning would be undertaken prior to an application to government for funding.

It was moved by Shelley Williams, seconded by Peter Kendrick, and resolved, with one abstention:

26/2012 THAT the Douglas College Board approve the Five-Year Capital Plan: 2012/13-2016/17

Note: Marina Kolar joined the meeting at this point.
