Subject & Course No.	Descriptive Title	Semester Credits
----------------------	-------------------	------------------

F: Calendar Description:

This practicum provides students with the opportunity to integrate theory and philosophy with professional practice. Students will conduct assessments and, in concert with the client, design, implement and evaluate individual and group program plans. Students will demonstrate activity analysis and adaptation in the leadership of small group activities. Students will establish effective working relations with field personnel as they work within agencies which offer therapeutic recreation and / or recreation health promotion services.

G: **H:** Course Prerequisites:
 THRT 2307 and

M: Course Objectives / Learning Outcomes

Upon successful completion of this course, the student will be able to:

1. demonstrate professional skills in the practice of therapeutic recreation and recreation health promotion
2. demonstrate knowledge of the agency and the delivery of recreation services
3. apply systems theory in developing comprehensive, leisure related client assessments and individual program plans
4. develop therapeutic relationships with individuals and groups based upon the values and skills of the profession
5. demonstrate helping relationships and skills
6. demonstrate awareness of group dynamics and leadership skills
7. demonstrate recreation activity analysis and activity adaptation skills
8. design, implement and evaluate recreation, therapeutic recreation and / or health promotion programs
